

FRANKLIN & MARSHALL

December 3, 2008

Mr. Dan Gillis
TRRAAC
1770 Wicklawn Drive
Lancaster, PA 17603

Dear Dan,

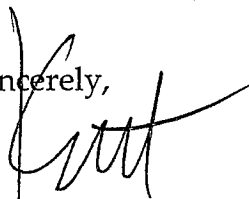

I am writing in response to your November 17, 2008 letter regarding your belief that an inaccurate sentence is contained on our website referencing TRRAAC's prior statements against the Crossings at Conestoga Creek project.

While I personally believe that I attended a meeting in which a member of TRRAAC stated that the organization was in opposition to this project, as well as the proposed county morgue and the Norfolk Southern Dillerville Yard Consolidation project, I do not have the time in the immediate future to investigate whether that statement was recorded or reported in the local press. Therefore, I will remove this sentence from our website even though I respectfully disagree with your position.

Your letter does not address my request for TRRAAC's website to contain not only the correspondence sent by TRRAAC and related parties but also the responses to the correspondence. I am making this request in order to correct a misconception that TRRAAC's website creates that the project partners are not responding to your inquiries.

I would appreciate a reply regarding your intentions to address this misleading condition.

Sincerely,

Keith A. Orris
Vice President for Administrative Services
and External Affairs
