

# A Comparison of Lancaster's Percentage of Earnings from the Services Sector 1969-1999

Source: Bureau of Economic Analysis

The percentage of earnings from the services sector increased in Lancaster during this time frame, as in the rest of the nation. However, Lancaster lagged behind the rest of the nation and comparison areas in terms of the rate of growth of the services sector.

\*Values stop at 1999. As a result of the change in the classification system from SIC to NAICS, pre-2000 and post-2000 values for the services sector are not strictly comparable.
