III. CERTIFICATION OF FUNDS – PLEASE READ! VERY IMPORTANT!

Document below (PAGE 3) the amount and sources of funding for your academic program. The annual total must be at least \$56,780. Any combination of sources is acceptable. Each source of funding must provide the appropriate ORIGINAL **current/recent** financial documents. Please note that any documents older than six months will be considered expired. All amounts should be in U.S. dollars. If this is problematic, please attach a conversion for the bank balance or salary to the document from an on-line currency converter like www.xe.com.

If you have MULTIPLE SPONSORS (EXAMPLE - parents and grandparents), you must complete the Affidavit of Support on Page 4 for each. You must also submit financial documentation for each sponsor. This is usually a bank statement and proof of future income.

You may use the same totals for each of the four years since at this time we do not know the exact fees for Years 2, 3, and 4.

A Certificate of Eligibility (Form I-20) cannot be issued until this form is completed and returned to the Office of International Programs with all of the appropriate supporting documents. Funds may be assured by several sources if necessary. You must document the funds you will have available to pay for four years of study.

FINANCIAL AID IN FUTURE YEARS

If the College's standard tuition, fees, room and board charges change in future academic years, your financial aid will be adjusted to reflect those changes. Your contribution, which was used to determine your need-based financial aid, will remain consistent through your four years and will not change regardless of your circumstances as long as you accept all aid sources. Please plan your educational finances accordingly.

Required supporting documents:

- o For *STUDENT SAVINGS*, a recent original bank statement that clearly states the account balance in USD. If a bank statement is not available you may submit a letter from your bank on bank letterhead that is signed by a bank official and clearly states the account balance in USD. All information must be in English. The total amount of funding will be divided by four for each of the four required years.
- o For *FAMILY SAVINGS*, a recent original bank statement that clearly states the account balance in USD. If a bank statement is not available you may submit a letter from your bank on bank letterhead that is signed by a bank official and clearly states the account balance in USD. All information must be in English. **Please note that by law, a student's sponsor must have enough funding in the bank to pay for the first year's expected family contribution, in order for the I-20 to be issued. (Total fees minus any financial aid equals bank balance.) Please do not account for future savings here.**
- o For *FAMILY INCOME*, usually a letter(s) from the employer(s) documenting the nature of the sponsor or sponsors' employment including title and salary. If the family owns a business, a letter from an accountant will suffice documenting annual earnings. If the family has rental properties, proof of monthly rent received must be received. **Please note that by law, a student's sponsor must demonstrate future income to pay for years two, three, and four, in order for the I-20 to be issued. An exception can be made here if the sponsor can show that he/she has enough money in the bank to cover the expected family contribution for all four years at this time.**
- o For *FAMILY PERSONAL LOAN*, an official award letter from the loan company documenting the amount of the loan for each year of study.
- o For *ORGANIZATION/GOVERNMENT SCHOLARSHIP*, a copy of the award letter from the organization. The letter must specify the amount of money that is being provided to you and that the award is valid for each year of study.
