
Standardized Test Option

Franklin & Marshall offers the benefit of applying to the College without submitting standardized test scores. Students may choose to submit two graded writing samples from the junior or senior year in place of SAT I or ACT scores. Students choosing this option must also submit the Standardized Test Option Form to signal their intent.

You may request that your high school delete the scores from your transcript. Any scores that appear will be removed by the Office of Admission before your application is reviewed.

I choose not to submit my standardized test scores to Franklin & Marshall as part of my application. I am enclosing two graded writing samples in place of my scores.
