CHAPTER OUTREACH

The following communications sent through the College’s email blast system were used to reach out to local alumni, to let them know about new Chapter activities and to encourage them to get involved.
Franklin & Marshall College's Gulf Coast Texas Regional Chapter now has a Facebook group!

We invite you to join our online community of F&M alumni, current students and parents of students who live and work in the Greater Houston area.

To become a member of this group, just visit [www.facebook.com/htownlisa](http://www.facebook.com/htownlisa) and send a Facebook message requesting to be added to the group. Or contact Lisa Brooks '85, Gulf Coast Texas Regional Chapter chair, directly at [htownlisa@gmail.com](mailto:htownlisa@gmail.com).

We look forward to your joining our online community. We hope to see you at future events.
Dear F&M Friends,

My name is David Balderston, F&M Class of 2012, and I recently moved to Orlando to work with the Orlando Magic. Upon arriving in the area, I reached out to several alumni to learn more about our F&M community here... and I discovered we have more than 300 alumni and parents living and working in the Greater Orlando area!

I would like to establish a small group of volunteers to organize some gatherings to help build our local F&M community, as a part of the Florida Regional Chapter. The purpose of this email is to gauge your interest and to connect with you about these opportunities.

There are a variety of options for events in the Greater Orlando area including NBA basketball with the Magic, the Orlando Museum of Art, Disney and many others. In addition, there are important ways we can be of service to F&M locally; for example, representing our alma mater at local college fairs and becoming more involved with professional networking through F&M.

If you are interested in participating, sharing ideas and/or volunteering for Florida Regional Chapter events and activities in Greater Orlando, please contact me directly at dbalderston@orlandomagic.com.

Thank you very much. I hope to connect with you soon!

All the best,

David Balderston '12
BREAK-EVEN EVENTS

Generally speaking, events that break even in terms of cost are simpler to plan logistically and can be ready to promote more quickly. They also require less promotion lead time, because of the limited financial exposure involved.

The costs of the events represented here were fully covered by attendee registration fees. Where noted, an alumnus or trustee helped to obtain a venue or attraction at a reduced price or at no cost.

FLAGSHIP EVENTS

Flagship events represent our highest quality Regional Chapter programs, and they are usually more complex logistically. They should be planned 4-6 months in advance and promoted 2-3 months in advance, to allow F&M Friends ample opportunity to participate.

The events represented here required funding beyond the income generated by registration fees to pay for space rental, faculty travel and other large costs.

The cost of these events were covered by a combination of PEP Award funding, attendee registration fees, financial contributions from the Alumni & Parent Relations office and contributions from alumni and trustees.

PEP (Premier Event Programming) awards are made available by the Alumni Association Board’s Chapters Committee through an application process. Alumni Association Board members who serve on local Chapter Councils and staff of the College’s Alumni & Parent Relations office can assist local Chapter volunteers in applying for this funding.
