To look for courses using Course Search:

Before registration opens:

1. Access the Registration menu by logging into Inside F&M. On the Academics page, click on "Registration" under "Fall 2013 Registration."

2. Select "Search for Classes."

3. Select "Fall 2013" under "Search by Term." Click "Submit."
From the list of departments, click on the department(s) in which you want to search for courses. Click "Course Search."

Select "View Sections" for your desired course to see all of the offerings for the term.
After registration opens:

- Select the desired section of the course and then click "Add to Worksheet" or "Register."
- Select "Register" when you only want to add that particular course since this action will attempt to enroll you directly.
- Select "Add to Worksheet" when you want to search for additional CRNs or if you wish to drop a course at the same time you are adding a course.
If "Add to Worksheet" was selected, the CRN for the course will appear on the "Add Classes Worksheet." You may either search for additional CRNs to add by selecting "Class Search" or you may add the CRN that is listed by selecting "Submit Changes."

Registration for the course is complete when the status for the course is "Web Registered." To search for additional courses, click on "Class Search" at the bottom of the page.
