

Alert Level Descriptions

- **LOW ALERT:** Open with gradual easing of risk-mitigation strategies. Vaccine or effective treatment is widely available.
- **MODERATE ALERT:** Open with risk-mitigation strategies in place. A manageable number of individuals test positive, and contact tracing suggests that exposures are confined to small numbers of people. Effective contact tracing is possible, and there is confidence in the ability to contain, isolate, and remediate small flare-ups.
- **HIGH ALERT:** Open, but with mitigation strategies as listed in *Moderate Alert* in place; high level of readiness to close if conditions do not improve rapidly.
- **VERY HIGH ALERT:** Only essential employees on campus; telework whenever possible; 24-to-72-hour planned move-out of students from campus. Exception: approved students (e.g., international, extenuating circumstances). All instructions online.

Full-Time Students Total	2263
Students In-Residence or Commuting	1486

COVID-19 Indicator	#	As % of Students In-Residence or Commuting	Notes
Entry Testing Round 1	1457	98.0%	Students without first test are in mandatory quarantine until they receive a negative test result.
Entry Testing Round 1 With Results	1452	97.7%	
Entry Testing Round 1 Testing Positive	6	0.4%	2 are false positives, meaning the test picked up residual traces of the virus because the student was infected prior to campus arrival, but is no longer contagious. Excluding the false positives, the # is 4 and % is 0.3%
Entry Testing Round 2	1317	88.7%	
Entry Testing Round 2 With Results	1306	87.9%	
Entry Testing Round 2 Testing Positive	1	0.1%	

In Quarantine* On Campus (at risk and waiting for test result)	16	1.1%	Of the students in quarantine, 4 are symptomatic and waiting for a test result. The other 12 individuals are asymptomatic and quarantining as a result of contact tracing.
In Isolation On Campus (positive test)	0	0.0%	
In Quarantine* at Home	0	0.0%	
In Isolation at Home (positive test)	1	0.1%	
In Hospital	0	0.0%	
Cumulative Positive Tests Since Arrival (Entry/Surveillance testing plus clinical work)	7	0.5%	0.3% excluding the 2 aforementioned false positives

*In Quarantine indicators do not include students in quarantine as a result of move-in COVID-19 testing
