

**Alert Level Descriptions**

- **LOW ALERT:** Open with gradual easing of risk-mitigation strategies. Vaccine or effective treatment is widely available.
- **MODERATE ALERT:** Open with risk-mitigation strategies in place. A manageable number of individuals test positive, and contact tracing suggests that exposures are confined to small numbers of people. Effective contact tracing is possible, and there is confidence in the ability to contain, isolate, and remediate small flare-ups.
- **HIGH ALERT:** Open, but with mitigation strategies as listed in *Moderate Alert* in place; high level of readiness to close if conditions do not improve rapidly.
- **VERY HIGH ALERT:** Only essential employees on campus; telework whenever possible; 24-to-72-hour planned move-out of students from campus. Exception: approved students (e.g., international, extenuating circumstances). All instructions online.

**Quarantine and Isolation:** Students who are identified as contacts in contact tracing or are symptomatic, but not confirmed positives, must quarantine in Schnader Hall or at home. Students who have tested positive for COVID-19 must isolate in Schnader Hall or at home (if it is safe to do so). Students are not permitted to quarantine or isolate in their residence unless approved by clinical judgment.

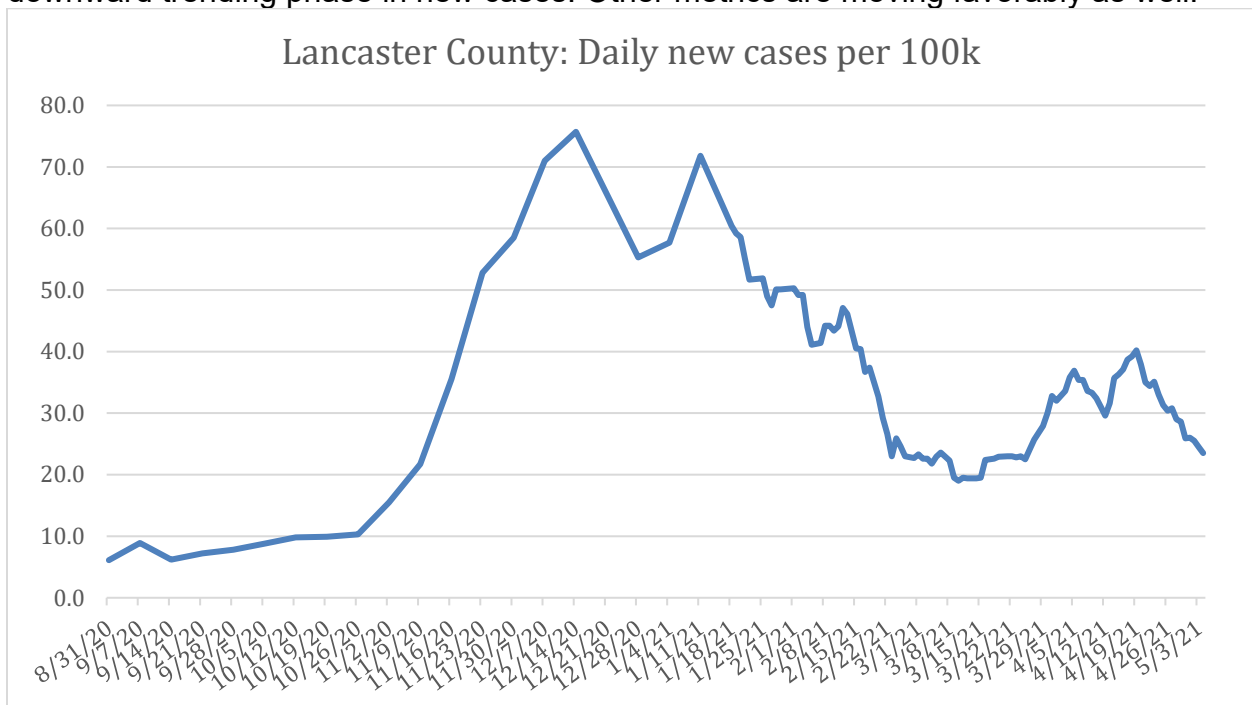

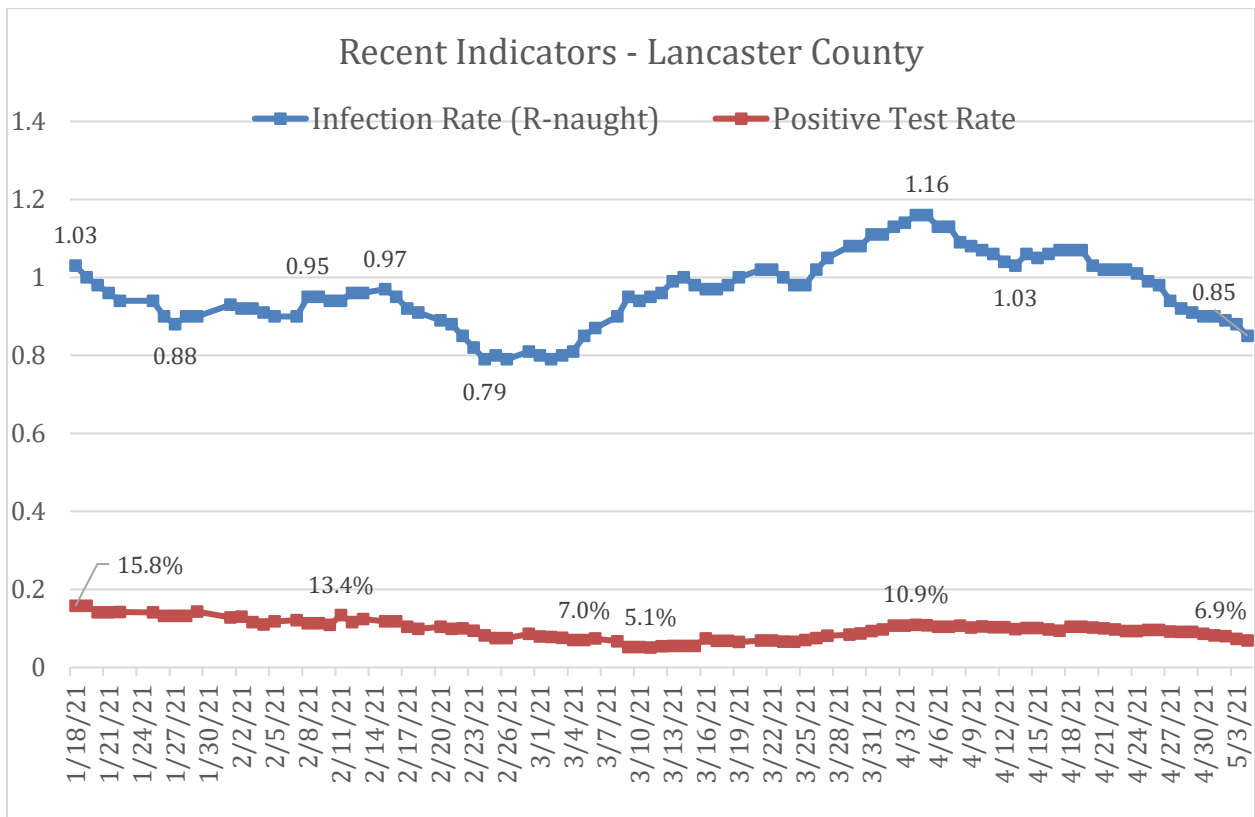

**External COVID-19 Indicators:** The College continues to monitor the number of new cases per day in the U.S., Pennsylvania, and Lancaster at the end of a 7-day period.

While there was a recent rising trend for Pennsylvania, we are now experiencing a new downward trend:

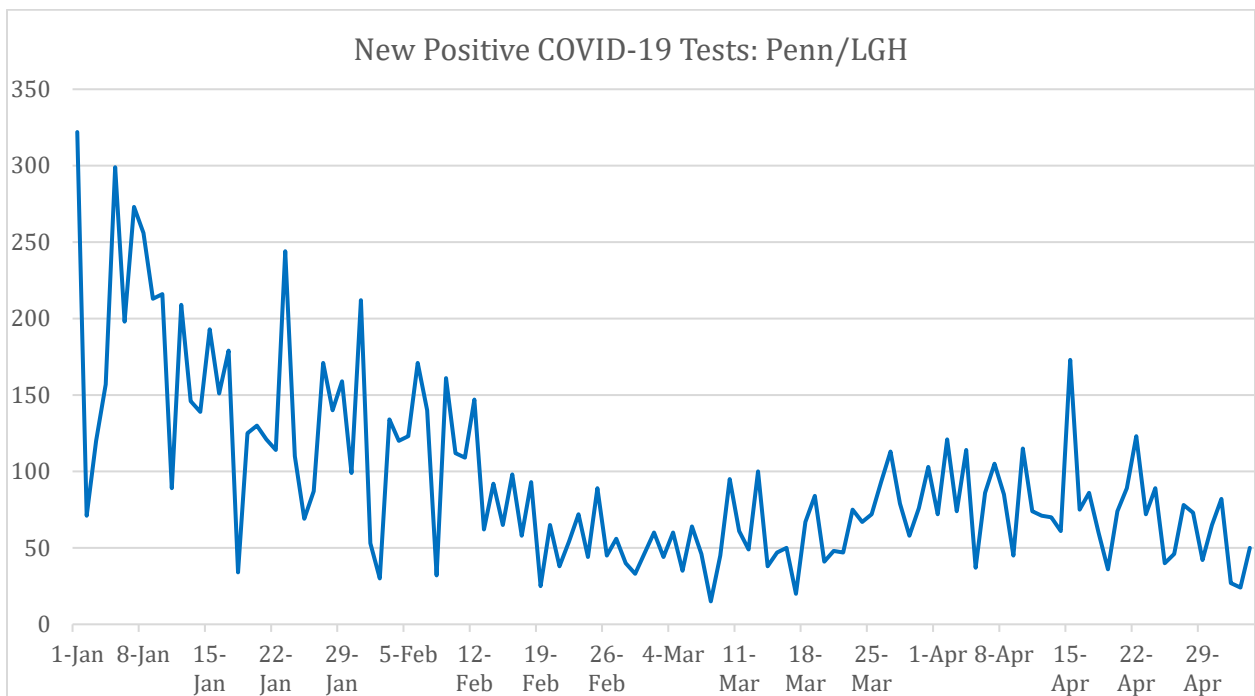

While there was an upward trend in Lancaster County, we have now entered a downward trending phase in new cases. Other metrics are moving favorably as well:

The LGH/Penn data, which illustrate the more local Lancaster area, show a decline over the past two weeks:

The College will continue to monitor these trends using the following data trackers:

- [COVID-19 in Lancaster County](#)
- [COVID-19 Data for Pennsylvania](#)
- [COVIDActNow for Pennsylvania](#)
- [CDC COVID Data Tracker](#)

**Student Arrival Testing (Completed):** The College tested all students living and learning on campus at the start of the spring term.
