General Instructions
1. Locate the A/V box on the wall at the front, right side of the room.
2. Press the Display ON button. It will flash until the projector has warmed up.
3. Select your Source:
   - MAC
   - HDMI
   - DVD
   - LAPTOP
4. Control the volume by adjusting the Volume knob.

To Display the Built-in Computer
1. Press the Power button on the right rear of the computer (if necessary, to turn it on).
2. Press the MAC source button.
3. Log into the computer using your F&M Unified Name and Password.

To Display a Laptop
1. Attach your laptop to the provided VGA cable (attach the audio cable if you wish)
2. Press the LAPTOP source button.
3. When done, coil up the VGA cable and place it back on its shelf.

To Play an HDMI Source
1. Attach your HDMI source to the provided HDMI cable
2. Press the HDMI source button.
3. When done, coil up the HDMI cable and place it back on its shelf.

To Play a DVD or Blu-Ray
1. Press the Open/Close button on the LG remote to eject the DVD tray on the DVD/Blu-Ray player.
2. Insert the DVD or Blu-Ray disc.
3. Press the Open/Close button again on the LG remote.
4. Press the DVD source button on the rack.
5. Control the DVD/Blu-Ray player with the LG remote.

Shutdown
1. Press and hold the Display OFF button till it begins to flash, first green, then red. You can then release it. You will hear the projector fan stop and then a beep when it turns OFF

N.B. - You must wait till OFF stops flashing before turning on the Display again.
