General Directions
1. Turn on the Plasma screen by pressing the Power button on the Xfinity remote, OR the Power button on the lower left of the Plasma screen.
2. Press Input button on the Panasonic Display remote to scroll through the inputs:
   - Input 2A for Video and Cable TV playback (OR press Input 2 button)
   - PC to view computer
   (N.B. - Aim the remote at lower left side of Plasma screen.)
3. To change the display Aspect, press the Aspect button on the Panasonic Display remote. Full is the optimal setting for most things. Choose Normal to avoid stretching the image.

To Control the volume
1. Press the Vol +/- buttons on the Panasonic Display remote control.

To View a laptop computer
1. Carefully plug a VGA cable into the VGA jack on the bottom left (underneath) of the Plasma screen. If desired, you may also plug an audio cable into the audio jack.
2. Press PC button (or press the Input button to scroll through the inputs to PC) on the Panasonic Display remote.

To View a Video via the DVD/VHS player
1. Press the Input button on the Panasonic Display to scroll to Input 2A.
2. Insert a videotape into the player. N.B. – the video will start to play automatically.
3. Control playback with the front buttons on the player or with the remote control.

To View Cable TV channels
1. Press the Input button on the Panasonic Display to scroll to Input 2A.
2. Press the Power button on the DVD/VHS player or remote to turn it on.
3. Press the DVD-VCR button, if need be, to select VCR on the player.
4. Use the CH ▲▼ buttons to set the DVD/VHS player to Channel 3.
5. Press the Cable TV channel number on the Xfinity remote i.e. 55 for BRAVO.

To View a DVD via the DVD/VHS player
1. Press the leftmost eject button to eject the DVD tray. Place the DVD in the tray.
2. Press the input button on the Panasonic Display to scroll to Input 2A.
3. Control playback with the front buttons on the player or the remote.

Final Shutdown
1. Turn off the Plasma screen by pressing red Power button on the Xfinity remote.
2. Eject all videos, compact discs, DVDs, etc.
3. Carefully detach any cables you have attached to the Plasma screen.
